

First Presbyterian Church of Santa Rosa
E-Mail Letter from Session
January 11, 2022

Dear Church Members and Friends,

Re: **All Worship will be Online**
No In-Person Worship scheduled until February 13

Out of concern for the safety of our congregation and wider community, and in compliance with Sonoma County's Public Health Order issued January 10, Session has decided to suspend In-Person Worship for the specified period of (January 12 through February 11).

The order prohibits large gatherings to minimize the risk of possible exposure and/or transmission of the highly contagious virus variant.

We invite you to join us for online worship, Sunday Rendezvous, and Kids Church through our website. You may choose to join our group Interactive Worship at 10:00 AM and participate in response to the questions for reflection based on the Biblical text and sermon. During this four-week period we will also offer a zoom Fellowship Gathering at 11:30 AM on Sundays. Zoom links will be made available through our weekly Church email and Sunday Reminders email.

This is a temporary measure and a necessary action providing essential protection and prevention of the virus and support of our medical community in its care and treatment of patients. Thank you for your understanding and partnership with us in this decision to ensure we thrive as a church and remain effective to carry out Christ's mission in the world.

Dale Flowers, on behalf of Session
